

Travelling from Shenzhen border to Bethany:

We recommend to travel via MTR train from Lo Wu (Hong Kong side of border, direction is to Hung Hom) to Central station – journey time approx 1 hour and includes changing trains at Kowloon Tong & Mong Kok stations. Please take a look at the [MTR map & journey-planner](#) for travelling by MTR train in Hong Kong -

Once in Central, please follow the signs to 'Central Piers' (approx 10-15 minute walk) and go to Pier 5 to catch either the ordinary (approx 50 minutes) or fast (approx 35 mins, double the fare of ordinary) ferry to Cheung Chau island.

Crossing the border from Shenzhen to Hong Kong can take from 30-60 minutes (or longer) depending on time of day and volume of people. If coming in to Shenzhen by Metro or train, please follow the signs for Hong Kong, go up the escalator once and then follow signs to 'Passport' channel for Foreigners (this can take 10-15 minutes on a good day). Once over the border, you will need to go to either the Visitor or HKID card/ Resident lines depending on your situation. It is the HK-side of the border that takes the most time to get through when coming in to Hong Kong! The MTR station is then a short walk away – we recommend purchasing an Octopus Card if you do not already have one.
